

HEY CGIIIIII

Wow - Week 5 was incredible! We went on not one, not two, not three, not four but FIVE trips this week - a different trip each day!

On Monday, the whole camp went on a hike, with a beautiful view of Lake Michigan no less! And of course, no hike is complete without rolling in sand dunes! On Tuesday, the older girls hopped in their luxury ride (aka the yellow school bus) and used their detective skills to complete a city-wide scavenger hunt! The hunt brought them to the Schaprio's house, Speedway for slurpees, Doctor's Park, and more. It was AWESOM!. The older boys had a day of surprise trips, including lots of sports like a baseball game, and running around. The younger campers went to Above and Beyond Children's Museum, a super interactive and engaging museum with three floors! On Wednesday, we all went to the zoo! Camper Favorites included the gorillas (many of the campers were rolling with laughter as we watched the gorillas give each other back massages!), the lion, and the elephants. Campers also completed a challenging zoo scavenger hunt. On Thursday, we enjoyed a regular morning at camp, complete with baking oatmeal raisin cookies. Then, the Explorers and Trailblazer took off on a mini golfing, adventure and the Pioneers went indoor rock climbing. We finished off an amazing week of fun and trips on Friday when we went to Lightspeed for Lazar Tag!

In the Jewish morning lesson, we focused on Spain, specifically in the time of the Spanish Inquisition. We learned about King Ferdinand and Queen Isabella. We talked about how Jews weren't allowed to be Jewish publicly like we are today. Campers then brainstormed different ways to appreciate being able to live our lives as Jewish people to the fullest!

We hope you have a wonderful Shabbat - looking forward to an INCREDIBLE Week G!
