Dear mommy and dad, this is your favorite son Lemi writing to you from far off earth. I still can't believe that the space ship dropped me off at Auntie and Uncle's 6 whole weeks ago!!

This week was supernovastik!

On Moonday, most of the camp went to the Zoo thing and had a great time running away from their counselors! But the older boys, B3/4 included, went on a surprise trip! We started off with a treacherous hike through the woods. We got lost and we got found and lost again, finally making our way to the great blue lake! Then we teleported on a giant yellow Tesla to a secret location where we made the coolest cupcakes (mine was green and purple and red with sprinkles)!!

Tuuuuuuuuuuuuesday!!!!

aaa. AWKWARD SILENCE O ya! Tuesday was the day that we all found out that we were from Ireland!!! (one of Earth's colonies) Ya, they called it international day or something like that... Or maybe it was interstellar day? Whatever, we played games, made our countries flags, and made candy sushi from around the world (strangely it was allot like regular candy sushi).Also on Tuesday, I cried because someone broke our flag, but I liked the candy sushi so it was a good day.

Ok so Wednesday needs some explanation because the older boys went to the zoo thing. The zoo is a place where animals get together and let people visit them for money. Genius! (they don't have striped Papotamus on earth (very disappointing) Ok so on Wednesday everyone came dressed up because someone was getting married!! The older boys went to the zoo and saw lots of animals! My favorite was the reptile house, It reminded me of home. (Don't tell anyone but I exscaped a frog and released it into the camp office) Cousin Lia said something about there being a carnival but I must have blinked for too long or maybe it was when we were at the zoo.

Thuvrrrrssdaay!!!!!!!!!!!!!! !!!!!!! !!!!!!! !!!!!!! !!!!!!! We exploded sodas!!!!

Everyone also got to continue their choice. I'm doing wood work but cousin Lia keeps driving me crazy with her card tricks. (I'm starting to think that it's actually real magic) There's also really cool food science.

O ya, I forgot to mention that we saw Bessie at the zoo yesterday!

TODAY!!!!!! was super duper duper novasticastecly AMAZING because I went on the big water slide about a million and one times!!! I loooove the water park!! We also had sports with coach Avner and finished an awesome project with art teacher Esti!

"I LOOOVE CAMP GAN ISRAEL"!!!!!!!!!!!!!! Cousin Lia just came upstairs to check why I was shouting Can't wait for next week!!

Have a very good shabbat, love your son
